Hi Lorena,

I really encourage you to have a call with Noreen, who is the best person for legal advice on this matter and Sandra, the point person for CD15.

Thank you,

Nicole Deering | Manager of City Services | Councilman Joe Buscaino | [15th Council District](#) | [City of Los Angeles](#) | 310.732.4515

On Tue, Oct 24, 2017 at 10:19 AM, Lorena Parker <lparker@sanpedrobid.com> wrote:

Good morning all,

Would it be possible to set up a call? I think we can get through this in about 15 minutes. I do want to be respectful of your time. Since this is a City-sponsored event, we should also have them on the call so I have copied Sandra from CD 15 on this email.

I am available all day today, Wednesday afternoon or Thursday morning.

Thank you for your assistance.

Best regards,

Lorena Parker

Noreen, Nicole and Lorena:

I thought it would be best if you all communicated directly with each other so there wouldn't be a delay in questions and responses. Thank you!

Good afternoon,

The question is whether the event is subject to the noise ordinance since it is a LA City-sponsored event.

Hi Lauren, Is the Council Office asking if the BID is considered "government" for purposes of the LAMC? Because BIDS are not governmental entities and not part of the City.

Hi Noreen:

This is Lauren Halligan, Neighborhood Prosecutor for Harbor. We have a question from CD-15 (sponsor of event below) and the BID Executive Director regarding an LAMC section. See below emails and attachments. Would you be the person to assist them or if it is someone else, please let me know. Thank you!

Good morning,

I would really like some assistance in interpreting LAMC Chapter 11, Article 5 Section 115.05 that excludes governmental agencies from the noise ordinance.

I've attached our permit showing that this is a City-sponsored event. In fact, the City will be paying for the street closure permit.

I hope to resolve this issue prior to our event.

Thank you for your assistance.

Lorena,

Regarding the Dia de Los Muertos event that the BID is planning for Oct 29... I have marked up the event map that you sent with the legal sound radius (200 feet) that the stage is allowed.

Based on last year's event when the Dia stage could be heard from over 1200 feet from the source of the noise, you and your production company are going to have to make a substantial effort to remain within the constraints set out in the Los Angeles Municipal

Code 115.02.

If you do not make the necessary effort to remain legal in regards to the amplified sound produced by your event, I will work with the LAPD to bring the sound stage into compliance. If your sound stage will not voluntarily comply with the noise ordinance on the first request, then arrests will be made of any individual (musician, sound engineer or event supervisor) that does not comply.

Please make your production company and performers aware of the requirements of the applicable noise ordinance and the consequences of violations prior to the event.

Bruce Ecker

SEC. 115.02. PROHIBITION AND REGULATIONS.

It shall be unlawful for any person, other than personnel of law enforcement or governmental agencies, or permittees duly authorized to use the same pursuant to Sec. 103.111 of this Code, to install, use, or operate within the City a loudspeaker or sound amplifying equipment in a fixed or movable position or mounted upon any sound truck for the purposes of giving instructions, directions, talks, addresses, lectures, or transmitting music to any persons or assemblages of persons in or upon any public street, alley, sidewalk, park or place, or other public property except when installed, used or operated in compliance with the following provisions:

(a) In all residential zones and within 500 feet thereof, no sound amplifying equipment shall be installed, operated or used for commercial purposes at any time.

(b) The operation or use of sound amplifying equipment for noncommercial purposes in all residential zones and within 500 feet thereof, except when used for regularly scheduled operative functions by any school or for the usual and customary purposes of any church, is prohibited between the hours of 4:30 p.m. and 9:00 a.m. of the following day.

(c) In all other zones, except such portions thereof as may be included within 500 feet of any residential zone, the operation or use of sound amplifying equipment for commercial purposes is prohibited between the hours of 9:00 p.m. and 8:00 a.m. of the following day.

(d) In all other zones, except such portions thereof as may be included within 500 feet of any residential zone, the operation or use of sound amplifying equipment for noncommercial purposes is prohibited between the hours of 10:00 p.m. and 7:00 a.m. of the following day.

(e) The only sounds permitted shall be either music, human speech, or both.

(f) Sound emanating from sound amplifying equipment shall be limited in volume, tone and intensity as follows:

1. The sound shall not be audible at a distance in excess of 200 feet from the sound equipment.
